# COPPER EAVESTROUGH

Also available in Aluminum and Steel

## Expect more from your Copper eavestroughs.

Eavestroughs should be highly functional and low maintenance, but they also have the capacity to be beautiful, unique and to set your home apart. Copper eavestroughs are not only fantastic to look at but they are incredibly durable and can last over 100 years with proper maintenance, because they don't rust. A perfect fit for many building styles including custom, traditional, historic and modern; copper eavestrough is like jewelry for your home that only gets better with age.
